

EGUANA TECHNOLOGIES INC.

Management Information Circular

dated June 10, 2016

for the Annual General and Special Meeting to be held on July 22, 2016

SOLICITATION OF PROXIES

This management information circular (the "**Circular**") is furnished in connection with the solicitation of proxies by the management of Eguana Technologies Inc. (the "**Corporation**") for use at the annual general and special meeting (the "**Meeting**") of holders of common shares (the "**Shareholders**") to be held on July, 22, 2016 at 10:00 AM MDT at the offices of Eguana Technologies Inc., 3 - 6143 4th Street S.E., Calgary, Alberta.

The record date for the purpose of determining holders of common shares is June 10, 2016 (the "**Record Date**"). Shareholders of record on that date are entitled to receive notice of and attend the Meeting and vote their shares, except to the extent that any registered Shareholders have transferred the ownership of any shares subsequent to the Record Date and the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the shares and demands, not later than 10 calendar days before the Meeting, that his or her name be included on the Shareholders list, in which case, the transferee will be entitled to vote his or her shares at the Meeting.

This solicitation is made on behalf of management. The Corporation will bear the costs incurred in the preparation and mailing of the Meeting materials. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by directors, officers and employees of the Corporation who will not be remunerated for their services.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are officers and directors of the Corporation. As a Shareholder, you have the right to appoint a person, who need not be a Shareholder, to represent you at the Meeting. To exercise this right you should insert the name of your representative in the blank space provided on the form of proxy and strike out the other names or submit another appropriate proxy. The form of proxy should be dated and executed by the Shareholder or an attorney, authorized in writing and with proof of the authorization attached. A proxy may be revoked by a registered Shareholder personally attending at the Meeting and voting his shares in person.

A form of proxy will not be valid for the Meeting or any adjournment unless it is completed and delivered to TMX Equity Transfer Services, 200 University Avenue, Suite 300, Toronto, Ontario M5H 4H1 no later than 4:30 PM EDT on July 20, 2016 or any adjournment thereof. You may also send your proxies by fax to (416) 595-9593 or vote your shares online at www.voteproxyonline.com.

The common shares represented by the Shareholder proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and that, if the Shareholder specifies a choice with respect to the matter to be acted upon, the common shares will be voted accordingly.

A Shareholder may revoke his proxy at any time prior to a vote. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the Shareholder or by his authorized attorney in writing, or, if the Shareholder is a company, under its corporate seal by an officer or attorney duly authorized, either at the registered office of the Corporation or with TMX

Equity Transfer Services, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment at which the proxy is to be used, or with the Chair of the Meeting on the day of the Meeting, or any adjournment.

ADVICE TO BENEFICIAL HOLDERS OF SHARES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold the common shares in their own name (the "**Beneficial Shareholders**").

Shareholders who do not hold their common shares in their own name should note that only proxies deposited by Shareholders who appear on the records of the registrar and transfer agent will be recognized at the Meeting. If the common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those common shares will, in all likelihood, not be registered in the Shareholder's name. Without specific instructions, brokers and their nominees are prohibited from voting shares held by Beneficial Shareholders.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every broker and other intermediaries have their own mailing procedures and provide their own return instructions to clients which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The majority of brokers delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions, Canada ("**Broadridge**"). Broadridge mails a Voting Information Form (the "**VIF**") asking the Beneficial Shareholders to return the VIF to Broadridge by mail or by way of the Internet or telephone. A Beneficial Shareholder who receives a VIF cannot use that VIF to vote directly at the Meeting.

All reference to Shareholders in this Circular, the form of proxy and Notice are to registered Shareholders unless specifically stated otherwise.

NOTICE-AND-ACCESS

The Corporation has elected to use the "notice-and-access" provisions under National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* for the Meeting in respect of the mailing of the Meeting materials to Shareholders. The notice-and-access provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials required to be physically mailed to shareholders by allowing a reporting issuer to post its proxy-related meeting materials on a website.

REQUEST FOR FINANCIAL STATEMENTS

National Instrument 51-102 *Continuous Disclosure Obligations* ("**NI 51-102**") sets out the procedures, for a Shareholder to receive financial statements. If you wish to receive financial statements, you may use the enclosed form or provide instructions in any other written format.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of common shares. As at the Record Date, there were 167,856,952 common shares and one First Preferred, Series 8 share issued and outstanding.

The holders of common shares are entitled to one vote for each common share held on all matters to be considered and acted upon at the Meeting.

The holder of the First Preferred, Series 8 share is entitled to receive notice of and to attend all meetings of the Shareholders and, except for the right to designate one director to the Board of Directors (being Mr. George Powlick) or as otherwise required by the *Business Corporations Act* (Alberta), the holder of the First Preferred, Series 8 share is not entitled to vote at any meeting of the Shareholders. Subject to the foregoing, as long as DHCT II Luxembourg S.a.r.l. ("**DHCT**"), together with its affiliates, own in the aggregate more than 10% of the issued and outstanding common shares and any non-voting common shares on a fully-diluted basis (calculated as the number of common shares and non-voting common shares that would be outstanding if all rights to acquire common shares and non-voting common shares were exercised, excluding for the purposes of this calculation, all common shares issuable upon the conversion of any options under any stock option plan of the Corporation), the holder of the First Preferred, Series 8 share, voting separately as a class, shall have the right to designate and elect one director from time to time, at the meetings of the Shareholders and/or between meetings of the Shareholders, and shall not, only in its capacity as holder of the First Preferred, Series 8 share, be entitled to vote in the election of the remaining directors of the Corporation.

As a result, Terra and each of its guarantors has consented to the enforcement by CWB, as secured lender to Terra, of CWB's security pursuant to section 244(2) of the *Bankruptcy and Insolvency Act* (Canada).

Incentive Stock Option Plan

The Corporation currently has a Fixed Number Stock Option Plan (the "**Option Plan**") whereby 7,646,303 incentive stock options (the "**Options**") can be granted pursuant to the Option Plan. The Option Plan has served as an integral component of the Corporation's compensation system.

As of June 10, 2016, there are 6,823,813 Options issued and outstanding granted and 822,490 common shares reserved for issuance in connection with future grants. The Corporation has 167,856,952 issued and outstanding common shares and therefore would like to increase the number of Options available for issuance pursuant to the Option Plan to 12,421,303 Options exercisable for an aggregate of 12,421,303 common shares which would provide management and the Board with more flexibility to reward current employees, officers and directors and to provide a competitive employment package to new employees.

The amendment to the Option Plan is subject to approval by the TSX Venture Exchange and subject to approval by the Shareholders of the Corporation, as required by the rules of the TSX Venture Exchange. It is the intention of the management designees, if named as proxy, to vote FOR the amendment of the Option Plan, unless the Shareholder has specified in its proxy that its common shares are to be voted

The foregoing resolution must be approved by a simple majority of the votes cast at the Meeting by the holders of common shares. EXECUTIVE COMPENSATION

Objectives and Philosophy of the Compensation Program

The overall compensation program is intended to attract and retain competent, committed individuals who will ensure the long-term success of the Corporation by rewarding performance and contributions to the achievement of corporate goals and objectives. The Corporation strives to maintain alignment between the interests of Shareholders with those of executives and key employees. To this end, salaries for the Chief Executive Officer (the "CEO") and certain key employees have been held significantly below market, and employees and executives have been awarded stock options, allowing the Corporation to offer a competitive compensation package and encouraging investment in the Corporation.

Criteria for Compensation

The compensation policy is based largely upon the market value of the type of job the individual performs, the experience, skills, knowledge and responsibilities of the individual and their level of individual performance.

Elements of Compensation and Determination of Amounts for Each Element

The Corporation strives to provide a competitive compensation package, with a direct link to corporate performance, by emphasizing the components of cash and stock options to motivate highly qualified personnel. To this end, the Corporation compensates its executive officers through base salary and the award of Options to acquire common shares under the current Option Plan, all at levels which the Corporation believes are reasonable in light of the performance of the Corporation under the leadership of the executive officers.

Base Salary

Base salary is intended to compensate core competencies in the executive role relative to skills, level of responsibility, industry experience, individual performance and contribution to the growth of the Corporation. Base salary provides fixed compensation determined by reference to competitive market information. Salaries of certain executive officers have historically been kept significantly below those of the industry and general marketplace because a greater emphasis is placed on Options in order to better align the interests of executives with those of Shareholders. Base salaries for executive officers are reviewed by the Board to ensure they are appropriate so as to protect the ability of the Corporation to hire and retain key personnel.

Options

Long-term equity-based incentive compensation through the granting of Options is an important element of the compensation policy because it rewards long-term performance by allowing executive officers and employees to participate in the long-term market appreciation of the common shares and the overall growth of the Corporation. The Board believes that the granting of Options is required for the Corporation to be competitive from a total remuneration standpoint and to encourage retention. The granting of Options also promotes the alignment of interests of Shareholders and executives.

With respect to the granting of Options, the Board reviews the recommendation of the CEO regarding Option awards. The CEO bases his decision upon the seniority, level of responsibility and the contribution of each individual toward the Corporation's goals and objectives. Consideration is also given to the overall number of Options that are outstanding relative to the number of outstanding common shares in determining whether to make any new grants of Options.

The Corporation has a fixed number Option Plan where, at the discretion of the Board, it may issue Options provided that the aggregate number of common shares reserved for issuance upon the exercise of all Option granted under the Option Plan shall not exceed 7,646,033. Pursuant to the terms of the Option Plan, the Board has the discretion to determine the fixed term of the Option, which shall not exceed ten years, and vesting provisions of the Options at the time of granting, including earlier termination provisions for the Options. The Board shall have the discretion to amend the date upon which Options will terminate on a case by case basis.

Benefits

The Named Executive Officers ("**NEOs**") are eligible to participate in the same benefits as offered to all full-time employees. The Corporation does not view these benefits as a significant element of its compensation structure but does believe that they can be used in conjunction with base salary to attract, motivate and retain individuals in a competitive environment.

Assessment of Compensation

The compensation of the CEO is determined by the Board and the compensation for all other executive officers is determined by the Board after consideration of the recommendations of the CEO.

The Corporation recognizes that past and future success of the Corporation relies on its people and strives to foster compensation packages that promote the attraction, retention and development of quality personnel. Although salaries have historically been significantly below market, total compensation of executive officers is targeted to be competitive against similarly sized companies within the industry.

COMPENSATION OF NAMED EXECUTIVE OFFICERS

The following table sets forth all compensation paid, payable, awarded, granted, given, or otherwise provided, directly or indirectly to NEOs. NEO means CEO, Chief Financial Officer ("**CFO**"), each of the three most highly compensated executive officers other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year, and each individual who would be an NEO but for the fact that the individual was not an executive officer at the end of that financial year.

The NEOs for the year ended September 30, 2015 were Justin Holland, CEO who was Chief Operating Officer ("**COO**") until appointed CEO on August 17, 2015. Patricia Dahm was CFO from June 5, 2015 until August 31, 2015.

The Corporation does not have any share-based award plans, non-equity long-term incentive plans, or any defined benefit or defined contribution pension plans for its NEOs.
